

LABORERS' TRAINING

SETTING THE NEW STANDARD

For nearly forty years, the Laborers' Training and Retraining Trust of Southern California has set a standard for excellence, helping to supply contractors with safe, productive, and well-trained construction craft laborers. Now, the Laborers' have taken training to the next level.

The Laborers' Training and Retraining Trust of Southern California's commitment to excellence has been recognized by the International Accreditation Service (IAS), an independent, third-party accreditation body. The Laborers' Training School has successfully demonstrated compliance with the IAS Accreditation Criteria for Training Agencies for Work Force Qualification Programs (AC 371). Find more details about the accreditation at www.iasonline.org.

The Laborers' Training School has successfully demonstrated compliance with the IAS Accreditation Criteria for Training Agencies for Work Force Qualification Programs (AC 371). Find more details about the accreditation at www.iasonline.org.

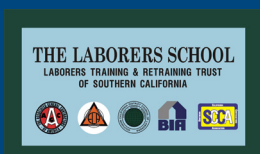

On top of IAS accreditation, the Laborers' Training and Retraining Trust of Southern California provides practical career skills that get the job done.

- ▶ **More than 60 industry courses** that meet or exceed industry standards
- ▶ **Four apprenticeship programs** approved through the CA Apprenticeship Council
- ▶ **Supervisor courses** to build the next generation of jobsite leaders
- ▶ **Instructors credentialed** through the CA Commission on Teacher Credentialing
- ▶ **18 locations** that provide more than 100,000 hours of training annually
- ▶ **Five mobile training units** that bring training to you

THE LABORERS ARE SETTING THE NEW STANDARD FOR TRAINING IN THE CONSTRUCTION INDUSTRY. EXPERIENCE HOW THIS NEW STANDARD CAN IMPACT YOUR ORGANIZATION'S BOTTOM LINE.
