## GET AN AGREEMENT

The Laborers' International Union of North America (LIUNA) has some of the cleanest, most competitive agreements in the industry to help streamline the competitive and negotiated bid process.

Whether you are working in one state, several states, or the entire country, LIUNA has an agreement to fit your business plan.

- » **National**
- » **Regional**
- » **Local**

## ON THE JOBSITE

LIUNA is committed to providing a workforce that will help contractors deliver high-quality, cost-effective concentrated solar and photovoltaic facilities to their clients.

- » Safe, productive, **qualified workers** familiar to working in difficult, outdoor conditions
- » State-of-the-art **training** for apprentices and journeymen
- » Assistance meeting **local hire** requirements

## IN THE BOARDROOM

Work with LIUNA and you get a powerfully focused on issues of importance to the solar and energy industries.

- » Grassroots and **community-based support** for solar projects
- » **Legislative advocacy** and relationships with elected officials
- » Testimony in favor of controversial projects
- » **Partnerships** with regulatory agencies

## FIND A CONTRACTOR

From the Local Union, to the International headquarters, LIUNA will work with you to find a contractor who meets your needs.

LIUNA also employs a directory of signatory contractors willing to bid on your work.

The screenshot shows a search interface for a contractor directory. It includes a search bar for 'Contractor Name', a 'Search' button, and a 'Add My Company' link. Below this, there are sections for 'Search by Criteria' with dropdown menus for 'Select a Contractor Work Category (Required)' and 'Select a Work or Office Location (Required)'. The 'Work Location' section lists various states and regions. There are also sections for 'CA License Type (Optional)' and 'Agency Certification (Optional)' with checkboxes for various certifications like 'General Engineering Contractor', 'General Building Contractor', etc.
